

Dubstar, Stay

I've got you
And I'm willing to prove
If you want it right now
I'll be ready to go
'Cause I'm no one
And I've nothing to move
I'll just let you right in and pay my world when you lose

Lay here in the sun
Let Sarah make it better
Your life has just begun
And Sarah makes it better

Stay
I'll make you better
Stay
I'll see you right
Stay
I'll be your father
Stay
I'll take it tight

I've got you
And I'm willing to prove
If you need me right now
I'm the one that you knew
'Cause I'm no one
With a great set of moves
I can move it with you and fill your world like you knew

So lay here in the sun
And let Daddy make it better
Your life has just begun
And Sarah makes it better

Stay
I'll make you better
Stay
I'll see you right
Stay
I'll be your father
Stay
I'll take it tight

So lay here in the sun
And let Daddy make it better
Your life has just begun
And Sarah makes it better

Stay
I'll make you better
Stay
I'll see you right
Stay
I'll be your father
Stay
I'll take it tight

Stay
I'll make you better
Stay
I'll see you right
Stay
I'll be your father

Stay
I'll take it tight

So lay here in the sun
Lay here in the sun
So lay here in the sun
Sarah makes it better

Stay
I'll make you better
Stay
I'll see you right
Stay
I'll make you better
Stay
I'll see you right
