

Dubstar, Swansong

I'm a liar
You're a cheat
I'm tired
You're asleep
Times change
And so
So must we
Old arrangements
Too old
To keep

So let us dance to the songs
Dance to the songs
Those were the days
Those were the days
Dance to the songs
Decisions were wrong
Those were the days, my friend

You are homeless
I'm inside
You so bitter
I have my pride
Days are long
When your heart is buoyed
Swan song
We can't avoid

So let us dance to the songs
Dance to the songs
Those were the days
Getting your way
Dance to the songs
Decisions were wrong
Those were the days, my friend

Dance to the songs
Dance to the songs
Those were the days
Those were the days

Dance to the songs
Dance to the songs
Those were the days
Those were the days

Dance to the songs
Dance to the songs
Those were the days
Those were the days

Dance to the songs
Dance to the songs
Those were the days
Those were the days

Dance to the songs
Dance to the songs
Those were the days
Those were the days

Dance to the songs
Dance to the songs
Those were the days
