

# Dubstar, Take It

And on a different day  
You'll get your chance you know  
And on a different day  
You'll find the path to go  
Justify your prayers

I show you patience, you show me pain  
I give you time, you're always late  
I make you strong, you choose to fail  
I give you cash, the one thing you do is  
Take it  
Take it  
Take it  
Take it

And on a different day  
Our fading friendship fails  
And I will mourn the day  
So justify your prayers

I show you patience, you show me pain  
I give you time, you're always late  
I make you strong, you choose to fail  
I give you cash, the one thing you do is  
Take it  
Take it  
Take it  
Take it

Justify your prayers

I show you patience, you show me pain  
I give you time, you're always late  
I make you strong, you choose to fail  
I give you cash, the one thing you do is  
Take it  
Take it  
Take it  
Take it
