

# Dubstar, When The World Knows Your Name

Down the road  
At the bar we sit  
We're a friendship  
My longing must resist

But up the stairs  
Up into my heart  
We're the lovers  
Who never have the chance

And I say, what's needed  
Are some memories  
Without pain  
It's hard when the world  
Knows your name

Was it just last week?  
He was your only flame  
And the wind  
On our street calls his name

But you could try me  
There's so much more to say  
And our neighbors  
Let them whisper  
All day

The jukebox says  
Our moment has arrived  
Leave out all the history  
For tonight

Let's make the memories  
The dreamers' only claim  
But it's hard  
When the world  
Knows your name

The jukebox says  
Our moment has arrived  
Leave out all the history  
For tonight

Let's make the memories  
The dreamers' only claim  
But it's hard  
When the world  
Knows your name
