

Ducky Boys, Looking Back

You've got a road but you don't know how to take it
It's full of hope but it leads you far from home
You got it made but you don't know how to make it
It looks like you're gonna be out on your own

I can't keep looking back
I can't keep looking back for you
I can't keep looking back for you

You've got a road but you don't know how to take it
We shared a piece but you gotta go alone

I can't keep looking back
I can't keep looking back for you
I can't keep looking back for you

Run away
I'll just look the other way
I can't keep looking back for you
looking back for you
looking back for you
