

Duke Dumont x Gorgon City, Real Life (ft. Naations)

Love you
In real life

It means nothing if you don't know what you got
You make it feels like Sunday
And keeps me hold up
And up

This flashing lights
Temporary it's up
The end
And morning sun
Pull us into make
pretend

I'm only one love you
In real life
love you
In real life
I'm only one love you
In real life
love you
In real life
/2x

Don't lose your touch
I ...
You got me baby
That's how it's gonna be

This flashing lights
Temporary it's up
The end
And morning sun
Pull us into make
pretend

I'm only one love you
In real life
love you
In real life
I'm only one love you
In real life
love you
In real life

Honest for a...
feel like:

I'm only one love you
In real life

In real life
I'm only one love you
In real life
