

Duke Special, Freewheel

Save me from the movies and someone else's dreams
While angels make their music and give my spirit wings
I just concertina and wrap around the world
Staying out 'til 6 o'clock and singing like a fool

I've only got this morning to live
Look at all the colours at my fingertips

I don't want to stand still
I just want to freewheel
I don't want to lose this

Save my feet from dancing with anyone at all
Worn out shoes because lotus blue is hanging in the hall
You're a face in the distance I hope to recognise
It's like running through deep water trying to look into your eyes

I've only got this morning to live
Look at all the colours at my fingertips

I don't want to stand still
I just want to freewheel
I don't want to lose this
