

Dukes Of Windsor, It's A War

Little men
Beasts of war
Rule the streets
Fight the law

Little men
Started war
March with us
Hear us roar

All for none
And none for all
We fight for love
And never fall

It's a war

Are you men
Of the storm
On the streets
We are born

Little men
This is war
Join with us
Hear the roar

All for none
And none for all
We fight for love
And never fall

It's a war

To the left
To the right
We are sons
Of the night

To the left
To the right
We will march
To the light

All for none
And none for all
We fight for love
And never fall

It's a war
