

Dum Dums, All Hooked Up On You

Sunshine always sits between her shoulders
You really fancied her best friend but hey
You settled and you got yourself a lay
But don't you think there's debts you have to pay

You're the only thing that makes her smile
So don't forsake her
Just like all the other girls
She'll make everyone hate ya

Baaa Ba Ba Da Baa...
She's all hooked up on you (x4)

The never sees and the never dos
Wait for the cars to leave the car park
Her life is full of such a scene
She'd never even wish it on her enemies

Don't you think its time to settle down with someone special
She's just a girl but she's the only thing that's gonna save you

Baaa Ba Ba Da Baa...
She's all hooked up on you (x4)

You can waste your life on the local talent
Or you can let her save it

She's never been into sniffing glue
She's never smoked a cigarette
Never revealed a darker past
To be loved was all she asked

And you're drinking away your mind
Getting stoned when you've got the time
She needs a fix, she won't survive
She's all hooked up on you

Baaa Ba Ba Da Baa...
She's all hooked up on you (x4)

All hooked up, yeah
You never look into their eyes
All the drugs just leave you cold
You sit at home on Saturdays
Waiting for a lottery win

Your claim to fame is your S.T.D
You got it sleeping with a porno queen
You said your middle name was love machine
You said your father was James Dean
