

# Dum Dums, Setting Sail

Sitting on the train, staring at the empty seat in front of me  
Beneath a golden sky, cities roll on by and I can't get no sleep  
When I'm alone sometimes, I try to understand  
What things have meaning?  
And I despise myself, for being such a fake  
My mind goes on for miles and miles  
And miles and miles...

Sail away, with the sea as my engine  
And the stars as my guide  
Sailing to the other side (x2)

On a starry night, walking home in silence while the city sleeps  
I try to do what's right, but something in my nature's trying to ruin me  
I look out to the sea, a thousand just like me  
Needing direction  
Just floating out of sight, into the failing light  
As if it's just the way my life is meant to be

Sail away, with the sea as my engine  
And the stars as my guide  
Sailing to the other side

I'm setting sail, to the other side (x3)  
I'm setting sail...

The sun goes down and I smile but it's just pretend  
Our summer is about to end  
And I don't know if its gonna be alright...  
Everyone's down and my town, it's in decay  
We're wasting our lives away  
And I don't know if its gonna be alright
