

Duncan James, I Believe My Heart Feat. Keedie

A life time b4 we met
Has faded away
All in a single glance
So revealing

You smile and I feel as though
Ive known u 4 years
How do I no 2 trust what
Im feeling

I believe my heart
Whatelse can I do
When everypart of everythought
Leads me straight 2 u

I believe my heart
Theres the world of choice
For now wenever my hearts speaks
I can only hear
your voice

A life time b4 we met
Has faded away
How did I live a moment
Without u

You don't have 2 speak at all
I know what u'd say
And I know every secret
About u

I believe my heart
It believes in you
Its telling me that
What I c
Is completly true

I believe my heart
How can it b wrong
It said that what I feel 4 u
I will feel my whole lifelong

I believe my heart
It believes in you
Its telling me that
What I c
Is completly true

I revolve my song
I believe my heart
the voice thta what I feel for you
is a perfect 1
Of all...
