

# Duncan Laurence, Stars

If thi is home  
Then what do i call  
Where i came from?

I haven't seen that coast for so ling  
They've got tchem here  
But they're not the same

I'll never know  
Know if i left too soon  
And too young

The people there who  
Taught me so much  
Did they get old?

Would they know this face?\*
