

Dungeon Family, Six Minutes

(big rube)

360 seconds it's on

Unlimited firsts, from calibers unknown

Come wit it in ya verse, or take a job and stay gone

I don't care if it's rehearsed or off the top of your dome

With this specified time, you can do as you please

Make a discision to create life, or spred death and disease

We got 360 degrees of emcees

That make these rap niggaz sound like they swangin from trees

Everythang from brain food, to puttin broads on they knees

We do it all for the love and never all for the cheese

(big boi)

Hot tub.. bubbling like warm water call me, hot tub

Cut your wife and daughter like a meat cleaver

We be the, dungeon family

Niggaz up under the step from a-t-l to overstand me

D-f, is the clique that I represent

Puffin purple, poppin poppers, spittin straight pimp shit

(big gipp)

Conversation without compensation, we sensed it

It's not to mention yo' girl, your persistant in

Nothin physical happened but give me six minutes

When ya off, somebody gonna fit in it

Say no names, wear my hair longer than your first strang

Yo' girl wish she was drafted for the georgia drill team

But I ain't gon' say no more

You need to catch somebody else I'm 'bout to hit the door

(hook)

Six minutes, six minutes

Six minutes, dungeon family you're on

Six minutes, six minutes

Six minutes, dungeon family you're on

(witchdoctor)

Fine lil' mama, my home gon' be a palace

Laid out like a salad, keep a nigga from malace

I'm movin things to the south

A dog like me need a pussycat 'round the house, with a row bone

Ain't nothin like me and you baby with no clothes on

I'm tired of runnin the streets all night

And a girlfriend ain't gon' stay down witcha like a wife

I can't let all you girls get to my head

'cause you know what I want between them legs

(cool breeze)

Hey I'm just walkin outta foot locker

Strollin through greenbriar

Stepped in the food court, just gonna but a bean pot

Ay cool cool cutta (cool) cut her to the finch

If a girl gotta future behind her, I'm up in it

And I like a pretty lady with a tailback mouth

'cause if you hit the right spot, she'll go back runnin her mouth

Now everytime I meet a girl, she puttin her hand in her purse

And when my next record drop, I ain't wearin no shirt

Let's do it

(hook)

(hook 2)

Ooh ooh oh, ooh ooh oh
Ooh oh-oh-oh-oh ooh ooh oh

Ooh oh-oh-oh-oh ooh ooh oh

(khujo)

Hats off, nigga can we put a fist in 'fore we handle business?
Hallelujah! for the bank
Benzes, houses, hummers, tanks and all that
Gon' see, that they meet shack in the end
The world was my enemy, that's who was my friends
On the strong delucious
Unstoppable, followin the tradition of men
Can't say "aww look at that man"
&"he's too dirty for industry&" dead ass, or is he!!

(t-mo)

5 minutes and 59 seconds gone by
Are you really ready for this lyrical high?
We can shoot without bullets, df to the fullest
Should it, ever come to light
It's true art, not hype
Come strong, take the mic, make sure it's tight
I rock a party all night
With my team on the right, straight ready for the
Lights, camera, action, ms. jackon!

(hook)

(backbone)

Introdu..introdu..introducing ice cold water
We stay sharp as a broke glass bottle
Just as sure as four quarters make a dollar
Ten dimes do too and I ain't take none shorter
Pay attention to every quote we say
'cause I got this here like it's in stores today
Holla.. ready to rock, when he step on the scene
'cause shorty stay clean like, shicka-ding shicka-ding

(cee-lo)

Well I can be that, and you need that, freaky d that
And if you want your monologue and open come and seek me
A few done fried man, or we can bligh man
I'm the guy that kill ya cat and, I dare you to defy me
If you can time me, I promise in 60 seconds
You'll be intriged and overwhelmed and obligated to rewind me
That reminds me, and my name is the divinely
Human cee, and I hope you had a freaky time f**kin with me
