

# Duran Duran, Faster Than Light

(Taylor, Taylor, Taylor, Rhodes, LeBon)

Oh-oh-oh  
Oh-oh-oh-oh-oh

Why I see your face  
Moving in the aerospace  
White Light shining, we're all alone  
Scare of flying, cos here we come

White light, homing in  
The speed of light, moving in  
Faster than light (the light)  
Faster than light (the light)  
Faster than light..  
Faster than light (the light)  
Faster than light (the light)  
Faster than light..

Oh-oh-oh-oh-oh  
You see ways by the door  
Pulling over years before  
White light shining bright, you're all alone  
Scare of flying, cos here we come

(chorus)

Light Light Light Light Light  
Light Light Light Light Light  
Light Light Light Light Light

(chorus)
