Duran Duran, Faster Than Light

(Taylor, Taylor, Taylor, Rhodes, LeBon)

Oh-oh-oh Oh-oh-oh-oh-oh

Why I see your face Moving in the aerospace White Light shining, we're all alone Scare of flying, cos here we come

White light, homing in The speed of light, moving in Faster than light (the light) Faster than light (the light) Faster than light.. Faster than light (the light) Faster than light (the light) Faster than light..

Oh-oh-oh-oh You see ways by the door Pulling over years before White light shining bright, you're all alone Scare of flying, cos here we come

(chorus)
