

Dustin Lynch, Thinking 'Bout You

Well, look who it is
Last call I thought I'd get
How's your mama, How you been?
Girl, It's been too long
Saw your sister at the Circle K
Heard baby number two is on the way
Hadn't seen her since her wedding day
With you on my arm

It's good to hear from you again
Girl, what a coincidence

I was just thinking 'bout that weekend out on Cumberland Lake
And that one time in Baton Rouge when we made out in the rain
When we went chasin' stars on a hill at your daddy's farm
Don't be sorry for callin' me up right out of the blue
I was just thinkin' 'bout you
I was just thinkin' 'bout you

Hey I just gotta say I
heard your song the other day
And it put a smile on my face when I started reminiscin'
I've be on the edge of callin' you
And I'm so glad I decided to

I was just thinking 'bout that weekend out on Cumberland Lake
And that one time in Baton Rouge when we made out in the rain
When we went chasin' stars on a hill at your daddy's farm
Don't be sorry for callin' me up right out of the blue
I was just thinkin' 'bout you
I was just thinkin' 'bout you

If you ever back in town
Do what you're doin' right now
'cause I'm probably thingin' 'bout you

I was just thinking 'bout that weekend out on Cumberland Lake
And that one time in Baton Rouge when we made out in the rain
When we went chasin' stars on a hill at your daddy's farm
Don't be sorry for callin' me up right out of the blue
I was just thinkin' 'bout you
I was just thinkin' 'bout you
