

# Dusty Springfield, I Wish I'd Never Loved You

(Ivor Raymonde / Mike Hawker)

I wish I'd never loved you  
I wish I'd never wanted you so much  
And never thrilled to your touch  
And I would not be lonely and crying  
And hurting deep inside  
Alone with a need that can't be satisfied

I wish I'd never loved you  
I wish I'd never given you my heart  
And watch you tear it all apart  
And I would not be tortured, tormented and cheated  
And surely my heart would not be broken in two

I saw you with another  
I watched you hold her tenderly  
And I could see as you kissed her  
You'd never come back to me, oh

I wish I'd never loved you, mmm  
I wish you'd never burned me with your kiss  
Oh, how can I go on like this?  
And I would not be tortured, tormented and cheated  
How I wish I'd never loved you

And I could see as you kissed her  
You'd never come back to me

Oh, I wish I'd never loved you  
I wish you'd never burned me with your kiss  
Oh, how can I go on like this?  
And I would not be tortured, tormented and cheated  
How I wish I'd never loved you  
Oh, I wish I'd never loved you  
How I wish I'd never, no, no, never  
I'd never loved you
