

# Dusty Springfield, In The Middle Of Nowhere

(Buddy Kaye / Bea Verdi)

Where does our love lie?  
In the middle of nowhere  
Will it soon pass me by?  
In the middle of nowhere

Baby, won't you tell me  
What am I to do?  
I'm in the middle of nowhere  
Getting nowhere with you  
Mmm, where did my heart land?  
In the middle of nowhere  
Where are the dreams I planned?  
In the middle of nowhere  
Listen to me baby  
Listen to my plea  
I'm in the middle of nowhere  
And it's worrying me  
Over and over again  
You tell me you need my love  
If what you say is true  
Why can't we be together?

Over and over you tell me  
I'm all that you're thinking of  
Baby you know that I love you  
But I can't wait forever  
Where does our love lie?  
In the middle of nowhere  
How can you let it die?  
In the middle of nowhere

Are you gonna leave me?  
Leave my heart astray  
I'm in the middle of nowhere  
Come and show me the way  
Over and over again  
You tell me you need my love  
Baby you know that I love you  
But I can't wait forever  
Where does our love lie?  
In the middle of nowhere  
How can you let it die?  
In the middle of nowhere  
Are you gonna leave me  
And leave my heart astray  
I'm in the middle of nowhere  
Come and show me the way  
Hey, where does our love lie?  
Come on now  
Where does our love lie?  
Right slap in the middle of nowhere  
Right slap in the middle of nowhere  
Right slap in the middle of nowhere
