

# Dusty Springfield, Wherever Would I Be?

When my world is turning  
When it's turning upside down  
When all I see is rain  
When I think the night won't end  
I just think of you  
And I can see the sun again

Wherever would I be without you?  
If I didn't have you, if I didn't have you  
Whatever would I do now, baby?  
Wherever would I be without you?  
I'd be nowhere, nowhere, I'd be nowhere, nowhere

When the dreams I dream all seem a million miles away  
When I'm sure I'll never win  
When it's looking like I've lost my faith  
I just look at you baby, baby  
And I got a reason to believe again, oh, oh

Wherever would I be without you?

If I didn't have you, ooh  
Whatever would I do now, baby?  
Wherever would I be without you?  
I'd be nowhere, I'd be nowhere, I'd be nowhere

Without you to love me  
Just be wasting time  
Going out of my mind

Wherever would I be without you?  
If I didn't have you, if I didn't have you  
Whatever would I do now baby?  
Wherever would I be?  
I'd be nowhere, nowhere, I'd be nowhere, nowhere, oh, oh  
Wherever would I be? Wherever would I be?  
If I didn't have you, if I didn't, if I didn't, if I didn't have you, ah, ah  
I'd be nowhere, I'd be nowhere  
Without you, oh, oh
