

# Dwight Yoakam, A Place To Cry

What I'm looking for is all I need  
'Cause what I've wanted most is some space between  
Her heart and mine  
Which sure ain't no small chore to find

What I get will lead to what I do  
I just hope that's not later than it's soon  
Or else all night  
I'll be up again alright  
'Cause what I straight up need to score  
Is a place to cry

## BRIDGE:

I don't need a lot  
Just some quiet spot  
That won't stain from tears  
Please, I'd rather not  
See us both get caught  
With cleaning up that could take years

This ain't over until once it's through  
But once more's twice as much as I can use  
Or care to try  
For my eyes to get dry  
'Cause man the fix I need right now  
Is a place to cry

## BRIDGE

What starts hurting worst is not as strong  
As the aches that happen next, then before long  
It passes by  
But not until I want to die  
'Cause what I'm strung out for  
Is a place to cry

Yeah, what I'm jonesin' for right now  
Is a place to cry
