

# Dwight Yoakam, Come On Christmas

Come on Christmas  
Please take me away  
Keep me hidden safe  
'Til January's second day  
Come on Christmas  
Come on Noel

I'll wrap myself up in the cheer  
That's so abundant  
This time of year  
Come on Christmas  
Come on Noel

Instrumental

Even though it's just September  
I can forget to remember  
All the empty nights  
Still in my way

Come on Christmas  
Embrace me with some joy  
'Til the last few lonely moments  
Of this year have been destroyed  
Come on Christmas  
Come on Noel

I'll just let visions of the season  
Blind these worn-out sights  
Still in my mind  
Come on Christmas  
Come on Noel

Come on Christmas...
