

Dwight Yoakam, Gone

Chorus:

That'll be me you'll see walking away
That'll be me you'll see for the last time today
That'll be me you'll see for not very long
'Cause that'll be me you'll see
That'll be gone

Remember how you warned me
'bout all your leavin' plans
Well I know this might seem unexpected
So prepare yourself the best you can

Chorus:

That'll be me you'll see walking away
That'll be me you'll see for the last time today
That'll be me you'll see for not very long
'Cause that'll be me you'll see
That'll be gone

Instrumental:

Think back on when you threatened
And never left no doubt
Although this could be kinda sudden
I'm sure you can figure it all out

Chorus:

That'll be me you'll see walking away
That'll be me you'll see for the last time today
That'll be me you'll see for not very long
'Cause that'll be me you'll see
That'll be gone

'Cause that'll be me you'll see
That'll be gone
