

Dwight Yoakam, Heartaches Are Free

Buddy you might think that I've lost my mind
But mister I'd pay twice to do it one more time
It cost a thousand tears and wore out my knees
But buddy that's okay the heartaches are free

You probably thought I'd used up every brain I had
But mister once you've tried you'll swear that it ain't bad
It cost a thousand tears and wear out your knees
But buddy that's okay the heartaches are free

Hey man if she takes a notion to sell you a hit of potion waste no time
And boss if you need a reason to pay for all her teasin' well just take mine
It cost a thousand tears and wore out my knees
But buddy that's okay the heartaches are free

[fiddle + steel]

Hey man if she takes a notion...

Yeah I can guarantee the heartaches are free
