

Dwight Yoakam, You're The One

You're the one, you're the one that made me cry
You're the one that laughed at me then said goodbye
You're the one, you're the one that made me blue
So how's it feel now that you're the one it's happened to

Now you're back calling me with open arms
What happened to the one you met with all that charm
You say he's gone and you're alone, well that's a shame
But if you think real hard, I know you'll see
Just who's to blame

You're the one, you're the one that made me cry
You're the one that laughed at me then said goodbye
You're the one, you're the one that made me blue
So how's it feel now that you're the one it's happened to

You're begging me to think about the love we shared
Yet it seems to me not too long ago, you didn't care
The love you left no longer lives within my heart
See the game you played, so recklessly, tore it apart

You're the one, you're the one that made me cry
You're the one that laughed at me then said goodbye
You're the one, you're the one that made me blue
So how's it feel now that you're the one it's happened to

So tell me how's it feel, now that you're the one
How's it feel, to be the one
How's it feel, now that you're the one it's happened to
