

# Dynamite Hack, Your Lies

Lies, living lies  
Living lies, with you  
Lies, living lies  
Living lies, in you, in you

I look around, I see nothing but pain,  
I look around, every thing, is going away

Lies, living lies  
Living lies, with you  
Lies, living lies  
Living lies, in you

I cant, seem to, find myself  
The pain, inside, its like nothing else  
To be alone, is only why  
I am afraid, of my own lies

Lies, living lies  
Living lies, with you  
Lies, living lies  
Living lies, in you, in you

Lies  
Living lies  
Lies  
Living lies  
Lies  
Living lies  
Living lies
