

Dyonisos, Lips Story In A Chocolate Rriver

I used to live nearby a chocolate river
I try to fish your lips
with my tongue tongue tongue tongue
I remember all my life
a first time kisses
the shape of your half open lips
stuck on my face

I used to live downby a chocolate river
you try to fish my lips
with your tongue tongue tongue tongue
you remember all your life
a first time kisses
the shape of my half open lips
stuck on your face

(refrain)
check your lips

I've never seen such strange beautiful face
stuck on my face and I don't even
talk about the taste

you remember all your life
my (...) won't bleeds
cause I have a lipstick on you

(refrain)
check your lips
