

Dziewczyny, Cash Box

Do you wanna be my cash box?
Do you wanna be my boy?
What I got for you is hard knocks.
Wanna see what you're worth

Stand still - now let me see you move it,
put your feet up, shake your hands and bend.
Gotta see - if you know how to groove it
quit talkin' 'cause you don't understand.

I wanna know if you can ever learn
what a woman wants.
I wanna know if you can understand
what a woman needs.

Do you wanna be my cash box?
Do you wanna be my boy?
What I got for you is hard knocks.
Wanna see what you're worth

Sit down - I wanna hear you talkin'
all the words you want me to believe.
Get up - come on and let's go walkin'
to the places you want to share with me.

I wanna know if you can ever learn
what a woman wants.
I wanna know if you can understand
what a woman needs.

Do you wanna be my cash box?
Do you wanna be my boy?
What I got for you is hard knocks.
Wanna see what you're worth

Do you wanna be my cash box?
Do you wanna be my boy?
What I got for you is hard knocks.
Wanna see what you're worth
