

# E.L.O, Endless Lies

Bye bye, pretty woman  
I've got to leave you now  
I find you never really cared.

CHORUS:

Stand back, take a look at you  
You couldn't care if you wanted to  
You keep saying it's gonna change  
But every time it comes back again  
It's a merry-go-round.

Endless lies shine in your eyes.

It's alright, count to ten

It will all be better then

It's alright, the world will go away.

REPEAT CHORUS

Endless lies, I can see it in your eyes  
The heartbreak is, if you could only see  
That's not the way it's supposed to be  
Endless tears that flowed through the years  
You take it all, and then you take some more  
Then you come running back to me.

Play on, pretty music

Play on and on for me

Shine on, silver stars

Over the sea.

Endless lies, I can see it in your eyes  
The heartbreak is, if you could only see  
That's not the way it's supposed to be.  
Endless lies shine in your eyes.
