E-Type, I'll Always Be Around

You will always be the one for me
even though I tried my best to hide it
when love was coming to an end
for everything I've failed to be
it's time for me to make you understand
You tell me that it's over
but I have to let you know
I'll always be around
close to you
'until the end of time
I'll be true
there won't be any doubt that I'll be here
my ship will always sail somewhere near
I'll see you when the seas are rolling in
I remember how it used to be
every day and every night together
It's hard to leave it all behind
there's so much more for you and me
if only I could make you change your mind
You tell me that it's over
but I have to let you know
I'll always be around
close to you
'until the end of time
I'll be true
there won't be any doubt that I'll be here
my ship will always sail somewhere near
I'll see you when the seas are rolling in
I believe
there's a chance in a better tomorrow
that's why I want you to know
