

# E-Type, This Is The Way

this, this is the way  
this is the way i wanna live  
I'm going through changes  
this is the way i wanna live  
from this day one no-one going tell you  
what i should do and what i should not  
that ain't the way, the way that they tell you  
why the've gone away  
so leave the books one the shelf  
dont let the spoiling come this far  
commin out like a full creation  
this is the shape of things to come

chorus:

this, this is the way  
this is the way i want to live  
I'm going through changes (commin' up, commin'up)  
this is the way i want to live  
this, this is the way  
this is the way i want to live  
I am going through changes (commin' up, commin up)  
this is the way i want to live  
ohoh...

so if your feeling are going down and out  
dont lose the faith  
while we weigh the doubt  
you must take your status  
learn what is about  
if nothing works than shout  
your no nobody homosapian  
your the original king of the hill again  
commin' out like a full creation  
this is the shape of things to come  
(chorus)

this, this is the way  
this is the way i want to live  
i am going through changes  
this is the way i want to live

bridge:

so if you feelings are down and out  
don't loose the faith while we weigh the doubt  
you must take your status, what it is about  
if nothing works than shout  
your no nobody homosapian, your the original king of the hill again  
commin' up like a full creation, this is the shape of things to come  
(chorus till fade out.)
