

# Eager, Blame

Carrying the past upon my shoulders  
Shame that weighs me down like a boulder  
Underneath I'm calling out  
Carrying my shame  
Put myself through pain  
In the end  
You will take the blame  
pain and suffering my heroes  
The greatest sacrifice becomes a zero  
Underneath I'm calling out  
Carrying my shame  
Put myself through pain  
In the end  
You will take the blame  
Carrying my shame  
Suffering is vain  
In the end  
You will take the blame
