

Eamon, Girl Act Right

When I first met you
You were so unique like
what I seen?
Let a few weeks go
You had me crazy
When we would meet
Why you gonna act like
You aint been trained yet
But fucked I bet
If I take you out
You wont act like my lady should

When you come please girl act right
Don't try none of your crazy shit tonight
So when you come please girl act right
I don't give a fuck
You've been actin up

You should know by now
When I take you out
You act proper
When we at places
Bitch you know your place
When hoes holla
Fuck that shit bitch
You know the rules
Every girl that I fuck gets put through school
But I still feel like
You wont act like my lady should

When you come please girl act right
Don't try none of your crazy shit tonight
So when you come please girl act right
I don't give a fuck
You've been actin up

Hey bitch
Better start actin right! (wooahhh)
Swallow!
You know that its tastin right! (wooahhh)

When you come please girl act right
Don't try none of your crazy shit tonight
So when you come please girl act right
I don't give a fuck
You've been actin up

hey bitch
Better start actin right! (wooahhh)
Swallow!
You know that its tastin right! (wooahhh)

When you come please girl act right
Don't try none of your crazy shit tonight
So when you come please girl act right
