## Earl Thomas Conley, Somewhere Between Right

Well I met in a small town bar not far from home She was having second thoughts about a man who was always gone Said the only way to get to him was a telephone So she held on to me when she couldn't hld her own

Chorus: She said I can be had but I can't be bought and I can be bad lord if I don't get caught but I'd rather be loved than left alone than be here in the middle some where between right and wrong

She said you know I never was the kind to spread it around But I'll let you get to me as long as you don't let me down Said I got the kind of love it takes to make if feel slow But don't care how you get me there just long as I go

Chorus:

She said I can be had but I can't be bought and I can be bad lord if I don't get caught but I'd rather be loved than left alone than be here in the middle some where between right and wrong

Ya its her kind of love keeps me coming back time after time Just like a beautiful song I can't get off my mind But I worry alot about love you have to wait on And I got second thoughts about a woman who is always gone

Chorus: She said I can be had but I can't be bought and I can be bad lord if I don't get caught but I'd rather be loved than left alone than be here in the middle some where between right and wrong
