

# Earth And Fire, Memories

If you had been away  
And left this world behind  
So far away  
The problems on your mind

Alone again  
Feeling very sad  
Left with your memories

If you had been away  
And made a lot of fun  
No place to stay  
Always on the run

Alone again  
Feeling very sad  
Left with your memories

Is it really worthwhile  
Is it really worthwhile

Now if you'd been away  
And wandered on the shores  
Games to play  
Some children looking bored

Alone again  
Feeling very sad  
Left with your memories  
Left with your memories  
Left with your memories
