

Earth, Wind And Fire, Clover

Maurice White & Larry Dunn

Gonna send a message how I feel
to the lady that's for real
Done thought it over
Feels real fine
Her name is Clover in my mind

Gotta send this message on my mind
Can't shake this feelin'
Ain't hard to find,
Oh Clover, Mystery come to my resque
Make sense of me

Oh think, I love her...
In my heart's...
A Clover
