

# Earth, Wind And Fire, Fan The Fire

Maurice White, Donald Whitehead & Wade Flemons

\*\*Ohh it's a shame  
It's a shame it's a shame  
The flame of love is about to die  
Somebody fan the fire  
The flame of love is about to die  
Somebody fan the fire  
Love is dyin' today  
Somebody fan the fire  
The flame of love is dyin' I say  
We gonna fan the fire, come on along  
Little children starving in a foreign land,  
talk about it brother  
Man afraid to shake his brother's hand  
(fan the fire, fan the fire)  
Woman in trouble callin' but nobody cares  
(fan the fire, fan the fire)  
People denied the rights that are truly  
theirs  
(It's a shame)

\*I believe I believe  
(I believe I believe)  
I believe I believe  
(I believe I believe)  
I believe the flame of love is about to die  
(fan the fire, fan the fire)  
I believe the flame of love is about to die

The flame of love is about to die  
Somebody fan the fire  
Flame of love is about to die  
We're gonna fan the fire, come on along.  
Violence striking down great men of peace  
Poverty in the homes and crime in the streets  
(fan the fire, fan the fire)  
Kind-hearted people turnin' to hate  
(fan the fire, fan the fire)  
Man's about to destroy the human race  
(It's a shame)

(\*Repeat)  
(It's a shame)  
(\* \* Repeat)  
I believe the flame of love is about to die  
(Repeat)
