

# Earth Wind And Fire, I Can Feel It In My Bones

Earth Wind & Fire

\* I can feel it in my bones  
Love is just around the corner  
You don't have to be alone  
Only if you really wanna

And I'm gonna say that one more time  
This evenin'

(\*Repeat)

Listen now  
\*\*I can feel it, can't you feel it, come on  
I can feel it way down in my bones

(\*Repeat 2 times)

Wake up one mornin'  
Find a brand new day  
Good love vibrations  
Everything's goin' in your way

One day you'll see  
A sky of blue, yeah yeah  
I know the sun gonna shine on you  
yeah yeah

Listen to me  
Love is around the corner  
Love is around the corner  
Love is around the corner, yeah  
(\*Repeat and fade)
