Earth Wind And Fire, Motor

Maurice White, Lestley R. Pierce & amp; Frankie Blue

Cool down, don't heat up that way every time we start it up then she'll say don't take love so seriously it's just what you see I don't want to push her hard circumstances making me play the part it's more than just a game to me

chorus: When it feels right, don't stop the motor baby keep it on let's work it all night, don't stop the motor when it's running strong

Sparks fly, we create a flame one more time, baby give your love again two hearts, forever be the same

chorus

bridge: My love is right for you tonite I see the fire deep in your eyes got my key, you believe just one spark and we will come alive
