It's all in the way
That you call out my name
In the night just to say
That you love me baby

It's all in the way
That you touch and embrace me
It makes me go crazy
I'm in love

I'm here for you
You are here for me
Simple as it seems
Because of our love

But listen babe, the truth
The good in me is you
And if you need some proof
Just look into my eyes and I tell you one more time

Chorus

Let me break it down clearly babe
For if some reason can't feel me
Let me tune you in
To my way -

Cause if you understand
What you do to me
You'll never have a reason to leave
Baby don't cha' know

It's you me - all about we love it's -
All in the way - you - me
All about -we love

My thoughts are replaced by your lovely face -
And the smile that you bring I can't erase -
The warmth of your love is like amazing grace -
How sweet it is in your way
Repeat

Chorus Out
