

Earth, Wind & Fire, And Love Goes On

(Maurice White/David Foster/Verdine White/
Larry Dunn/Brenda Russell)

I would be so willing
To give you all I got
You're a special lady
Forget me not
I could be so tender
For the likes of you
Let my heart surrender

And love goes on
On and on
Your heart beats strong
As love goes on

Everyday, I'm wishing
For that day to come
Feeling superstitious
Hoping she's the one
One day I am lonely
Next with plenty smiles
Love I find amusing

And love goes on
(Love goes on)
On and on
(On and on and on)
Your heart beats strong
(Heart beats strong)
As love goes on

Whoa, whoa, whoa
Whoa, whoa, whoa, and
If we can't work it out
You should know
Without a doubt
I will always be the one
You can turn to

A friend until the end
No matter where we've been
Sometimes you can't hold on
You got to give it space, yeah, yeah

Baby, we can work it out
Yes I really love you
And without a doubt
I can make you happy
Plant good memories
That will last forever

And love goes on
On and on
Your heart beats strong
As love goes on

Love's tender
And with you in mind
Now my heart surrenders
Just to make you mine

Baby, baby, baby
Whatcha gonna do

Give your heart to me
I'll give my heart to you

And love goes on
On and on
Your heart beats strong
As love goes on

And love goes on
On and on
Your heart beats strong
As love goes on
