

# Earth, Wind & Fire, Every Now And Then

Jon Lind & Brock Walsh

I think that the worst is through  
I'm almost over you  
I guess it was just a matter of time  
I've started going out  
How long can anybody go without  
Before you start goin' out of your mind  
Even so, I confess  
There are times when my heart rules over my head

(Chorus)  
Every now and then  
I find myself wondering about you baby  
Seems now and again  
I can't escape the thought of all that  
might have been  
Every now and then

Morning's the hardest time  
I wake up dreamin' 'bout you and I  
Some days I can't remember them all  
Evenings are painfull still  
I can't help wondering if they always  
will be  
I can't help noticing this emptiness-  
baby  
I don't cry, every night  
Just the ones when I feel like I feel tonight

(Chorus)  
Every now and then  
I find myself wondering about you baby  
Seems now and again  
I can't escape the thought of all that  
might have been  
Every now and then

(Bridge)  
When I'm alone anytime I hear music play  
When I reach, reach for the phone  
Why does everything good  
Make me think of you baby

(Chorus)  
Every now and then  
I find myself wondering about you baby  
Seems now and again  
I can't escape the thought of all that  
might have been  
Every now and then
