

# Earth, Wind & Fire, Just Another Lonely Night

Michael Stokes & Linda Stokes

Intro:

Lonely night, just one lonely night  
Without you  
Lonely night, just one lonely night  
Without you

I remember that cold September  
You packed your bags and you went away  
You were my only love  
But you were searching for  
A better life in L.A.

Oh this loneliness I'm feeling  
Has got my body chilling  
I'm in need of your touch  
Won't you rescue my desire  
I long to feel your fire  
I'm in need of your love

Chorus:

Just another night  
Just another lonely night  
Without you, baby  
Just another night  
Just another lonely night  
Without you, baby

Cloudy skies look like they're here to stay  
And the sun no longer lights up my day  
I wish the phone would ring  
Such joy your voice would bring  
I miss the stars that shine my way

Is there someone else in your heart  
Thrilling you with his charms  
While I'm lying here alone  
We never seem to meet  
Down this rocky road of love  
Can't you see it's you I'm thinking of

Chorus

Bridge:

My days are cold  
And my nights are so lonely  
I'm like a bird without a song  
Like the saying goes  
There's too many fish in the sea  
Deep down inside I knew  
That you were meant for me

Chorus (repeat)
