

# Earth, Wind & Fire, Kalimba Story

(Maurice White/Verdine White)

Saw it in a store one day  
Thought it might make me play  
Future music all for you

Seen me through my hardest time  
Thought it was 'bout time  
To open up a new world just for you

Fills all my needs, gave me the key  
Door was open for me to see  
Playin' around the world  
Touchin' all the boys and girls  
With a new love to make them free

Kalimba, ooh, kalimba  
Play me a tune  
Kalimba, ooh, kalimba  
Hey, I'm glad I found you  
Kalimba, ooh, kalimba  
Play me a tune  
Kalimba, ooh, kalimba  
Sings a message to you

If you lend an ear  
And you have no fear  
The vibration will move your mind  
It's new to you, sounds true to you  
Sacred music before its time

Play it for you now  
Wanna see just how  
My kalimba get next to you  
Are you ready now  
Well, get ready now  
Come along, groove with the new, hey

Kalimba, ooh, kalimba  
Play me a tune  
Kalimba, ooh, kalimba  
I'm glad I found you  
Kalimba, ooh, kalimba  
Play me a tune  
Kalimba, ooh, kalimba  
Sings a message to you

Kalimba, kalimba  
Play me a tune  
Kalimba, kalimba  
Sings a message to you

Kalimba, kalimba  
Sings a message to you
