

Earth, Wind & Fire, Motor

Maurice White, Lestley R. Pierce & Frankie Blue

Cool down, don't heat up that way
every time we start it up
then she'll say
don't take love so seriously
it's just what you see
I don't want to push her hard
circumstances making me play the part
it's more than just a game to me

chorus:

When it feels right, don't stop the motor
baby keep it on
let's work it all night, don't stop the
motor when it's running strong

Sparks fly, we create a flame
one more time, baby give your love again
two hearts, forever be the same

chorus

bridge:

My love is right for you tonite
I see the fire deep in your eyes
got my key, you believe
just one spark and we will come alive

chorus
