

# Eartha Kitt, Yzmapolis

Welcome to my city  
Welcome to my land  
Welcome to the empire that only I command  
Yzmapolis, My Metropolis, my favorite place to be  
Yzmapolis, My Metropolis, where it's all for one and that one is me  
From Yzma Boulevard to Yzma Avenue  
All the Mounts, roads, and parks, a name for me not you  
You know until I came along, this was just, "a one llama town,"  
but now it's Yzmapolis, My Metropolis, the region that I rule  
Yzmapolis, My Metropolis, now welcome to my school  
Y-Z-M-A, Yzma, Yzma, hooray!  
Yzmapolis, My Metropolis, a wonderous place to be  
It's glorious, victorious, we always laugh uproarious 'cause life is so euphorious and here is what you  
Yzma movies, starring me, my name in lights on the Yzma king,  
Yzma books and magazines  
Yzma shirts, Yzma jeans  
Yzma chocolates, Yzma mints  
Yzma shampoo and the rinse  
All the dogs are Yz-maltese

And life is just an Yzma-breeze  
Hear me chat on the radio-r  
Y-Z-M-A FM  
Yzmapolis, My Metropolis, with music, sports, whatever  
Yzma traffic's all backed up and now a look at weather  
I can't wait to show you my new project, Yzmatopia  
There's a peasant village on the spot right now  
But you can't stop progress  
Yzmapolis is growing and soon, soon, soon it will become:  
Yzmapolis, Mega-apolis, my purple legacy  
Yzmapolis, there's no stop-olis, that's not a word!  
It is to me  
Some have tried to run and hide, but they just can't get free,  
'Cause when I'm dead, you'll bow your head to an Yz-mummy of me  
Welcome to her city  
Welcome to her land  
Welcome to the empire that only I command  
Yzmapolis!
