

Earthlings?, Conversing Among Misfits

you can't have it back
she's got no self
it's better that way

you can't have it back
it's better that way
keep telling yourself
it's better that way...today
today!
today!

stumbling, stumbling, stumbling
stumbling, stumbling, stumbling
'round...town

i wish i was
hanging from a tree
and every time
she passed by me
she'd take a while
she'd take a while
stall and wait

stumbling, stumbling 'round
stumbling 'round
today
today

can't have it back
you keep telling yourself
it's better that way
she's got herself

you can't have it back
(you can't have it back)
keep telling yourself
it's better that way
you keep telling yourself today
today!
today!
today!

stumbling, stumbling, stumbling 'round
stumbling 'round...town
today
today
today
