

Earthlings?, Gentle Grace

Hey you
I'm on the outside
I'm on the outside looking in
Voices,
I'm receiving
Images of thee
You rocket by, You fly by
Love songs that you sing
That you bring to me up above the sea
And I wait, anticipate how could long be so...

How long 'til I quit?
How long 'til I quit?
How long 'til I quit?
How long 'til I quit?

Hey you
I'm on the inside
I'm on the inside looking out
I fall and I'm hopeless
From this point of view
We are buying our time, air, and atmosphere
That you breathe to me up above the sea
And I wait, anticipate how could long be so...

How long 'til I quit?
How long 'til I quit?
How long 'til I quit?
How long 'til I quit?

Ride the moon across the sky
And it's turned into the sunrise
Hang on, Hang on

Somewhere beyond the space there may be...a touch of gentle grace

How long 'til I quit?
How long 'til I quit?
How long 'til I quit?
How long 'til I quit?
