

Earthlings?, Ground Control

everyday the sun comes
and everyday you call me up
and everyone needs a second cup to wake them up

ground control
ground control
ground control
ground control

yeah...yeah...yeah...yeah...yeah...yeah...yeah

every single seat is taken
everyone is always waiting
pull them up, i'll pull them down it
it's alright when I'm surrounded...

ground control
ground control
ground control
ground control

yeah...yeah...yeah...yeah...yeah...(ground control)

ground control
ground control
ground control
ground control

yeah...yeah...yeah...
