

# Earthsuit, One Time

Follow me down the road  
To the realms of the rhyme  
People of the rock come and rock one time  
When we bring the sound  
You know the light of God shine  
Poeples of the rock come and rock one time  
Anyone thirst there's plenty of new wine  
People of the rock come and rock one time  
Make me feel so fine all of but all the time  
People of the rock and the father  
To come and fill us

One time, one time, one time, one time, one time

Everybody body get your hands up  
And grab for more new wine that's falling more than you can stand up  
Got the vision for the rough terrain, desolate the sane  
Lord, hit me one time, infiltrate the mind  
Everybody, everybody, body, body  
Everybody, body, body  
Everybody, body, body  
It's a one time shot

Father, come and fill us one time, one time  
Father, come and fill us

Smoke from the wick, yesterday burnt the candle  
Daily shots are all than I can handle  
I see you've gone blind  
You want to find the philosophies of the Pla-to man  
But you can't because it's a spectacle  
Everybody, everybody, body, body  
Everybody, body, body  
Everybody, body, body  
It's a one time shot

Do re mi fa so la ti do ti la so fa me re do  
I warm up my tongue to engage in a lyrical war  
Now I'm ready to go  
So I reckon the second I'm decking and checking  
And wrecking the mic yo  
I've got the kingdom of darkness talking that I am a psycho  
Earthsuit is in the house, so figure out what the deal is  
I'm gripping the mic and I'm flipping it right  
And you've got to get ready to hear this  
I promise to tell the truth, the whole truth, nothing but the truth  
Funkmouth to bootcha

The Father to come and fill us one time
