## Earthtone9, Enertia 65800

for denial you know that i've been waiting for so long to be with you give my hand you know that i've been held from helping you un-clean in form

cold within the waves of my delusion crashing in i'm burned in sin

darken my eyes so i will never be hollow my heart so i am free

for denial you know that i've been waiting for so long to be with you give my hand you know that i've been held from helping you un-clean in form

cold within the waves of my delusion crashing in i'm burned in sin

darken my eyes so i will never be hollow my heart so i am free
